How the WEF and United Nations work with “government-corporate collusion to bypass democracy”

SOME of us have already pieced together what the future holds if you are not rich and powerful.

If you have managed your time well enough to afford a little research and thinking, you will have discovered that it is not pretty.

And you will have been helped in that discovery by those human beings – born with the same rights as you and I but who are now rich and seemingly powerful – telling you exactly what their plan is.

But few people break it down and explain it quite so concisely as Marc Morano, author of *The Great Reset: Global Elites and the Permanent Lockdown*, and founder and editor of the website ClimateDepot.org.

In a nutshell, the World Economic Forum, led by Klaus Schwab – who seems to have decided, ironically of his own free will, that he will run the world and tell his fellow human beings how to live – has infiltrated governments around the world and invites politicians and big business leaders to a world summit each year in Switzerland to have “off-the-books” meetings about such topics.

EVENTS COMING UP

The Alternative View Presents

Date: 24 March 2024

Time: 11:00 AM - 3:30 PM

Location: The Assembly Rooms, Glastonbury, UK

[Tickets and Info](#)

Join us for the first The Alternative View Presents with Gary Fraughen

Gary will be sharing his research and speaking about many subjects including:

- Blue shift radiation
- Super fluid consciousness with servants
- Savants and greed
- Numbers in the cracks and crevices of the universe
- The universal balance sheet of doing harm to others

As Morano explains: "This whole agenda is to make it so we have no choice on some of the biggest questions of our lives. We didn't get to vote on whether gas powered cars would be banned, we didn't vote for 'vaccine' [News Uncut's quote marks] mandates, we didn't vote for lockdowns, we didn't vote for banning of meat. But all of this is happening, because at these meetings like the World Economic Forum and the United Nations, they meet and they work with government-corporate collusion to bypass democracy and impose stuff through this corporate government fascism."

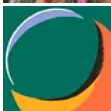

What a snippet of Morano's interview here:

We must understand those control freaks are mentally disturbed (pathological narcissists, sociopaths, psychopaths, etc...take your pick). They aren't fit to be telling anyone how to live THEIR lives but the power to control everyone and everything all the time is what they lust for, that is their sickness and arguably the root cause of most societal evil through human history.

What Hitler could not achieve, this lot is trying to achieve.

They will succeed, unless people wake up to the danger of this group and start to push back.

Ever the optimist, I remain optimistic because they will inevitably fail

What the lunatics WANT and what they GET will be 2 different things. That's always true, life rarely runs as planned does it

They have a track record of failure too. Look at the covid scamdemic. It failed miserably from their point of view., most of their main objectives failed to stick. But they showed us their evil faces and intentions at the same time. I agree with one of the comments to this article “The Great Reset is going down in flames”

Yes, millions of fools were scared into accepting their poison jabs but heavy uptake of their poison was only within the lunatics western Empire. A sizeable minority in the Empire, and most of the rest of the planet, swerved that obvious elephant trap. They will swerve the rest of this shite too because more and more folk are waking up. Partly thanks to articles like this, once awake they stay awake

Klavs “nasal” Swab is a cartoon nazi, he even talks like a cartoon nazi. He has no credibility whatsoever. The best attitude to him is ridicule. He's a hollow man who should be treated with humorous contempt like all panto villains are. He's behind you! Look behind you!

Finally, I had a brass tacks conversation with a 30+ woke bloke the other day. Hit him with the central bollocks of the Climate Change agenda including “To think that humans can decide to change the planet's climate is hubristic in the extreme”. He had to agree, he's not stupid. Another seed sown.....
